## EARTHQUAKES AND ERUPTIONS FOR PUBLICITY

With James A. Gilman, telling how  
to make good roads, Governor Pink-  
ham giving some much-to-the-point ad-  
vice as to how to keep them from be-  
ing torn up once they were down, and  
Prof. T. A. Jaggar making a sugges-  
tion as to how Hawaii could combine  
humanity and promotion by taking  
advantage of natural disasters, the  
Ad Club's weekly meeting provided  
more than the allotted hour of inter-  
est yesterday.

Mr. Gilman read an interesting pa-  
per on pavements in general, and bitu-  
minous pavement in particular, de-  
scribing the modern conditions of  
traffic which break up roadways. He  
pointed to several examples of bitu-  
minous pavement in Honolulu, as in-  
stancing the value of putting down a  
good article in the beginning, even at  
advanced cost. His paper contained  
a technical description of this patent  
road material.

Later Governor Pinkham scored a  
thunderbolt with the Ad Club when he  
said:

"Mr. Gilman has told us all about  
pavements, and I haven't anything to  
say about making them, but I have a  
good deal to say about overlastingly  
tearing up a good pavement when we  
get it. I want to get the Ad Club  
behind me in a campaign for laying pub-  
lic service supplies at the side, and  
not in the middle of the streets with  
proper conduits for cross-overs."

Prof. T. A. Jaggar, who has just re-  
turned from investigating the recent  
volcanic disturbances in Japan, gave  
the Ad Club a new line of promotion  
thought. He said that in the last 14  
years he had visited the scene of  
seven great national disasters, and  
that he had always found that a peo-  
ple suffering from a great mental and  
emotional strain were peculiarly re-  
ceptive. He said that in this last trip  
to the stricken districts of Japan, Ho-  
wail loomed large to the people for  
its beneficent science and its prompt-  
ness in sending expert aid.

"There are some 300 active vol-  
canoes on the shores of the Pacific,"  
said the speaker, "and I can guaran-  
tee you, said to say, that in 1915 and  
in 1916 there will be some terrible  
disaster on the shores of the Pacific.  
This is not prophecy, but statistics."  
To send one or two energetic men  
to the scene of such a disaster, well  
equipped to give expert advice and  
render aid, would, in Prof. Jaggar's  
opinion, be the finest sort of public-  
ity.

The committee arranging for the  
club's expedition to the county fair at  
Schofield, reported progress and sub-  
mitted a live program to be followed.  
A special army rally will be held the  
Tuesday before the Schofield date.

A resolution in favor of the open-  
ing of the Tantalus road to autos was  
passed.

Prof. Vaughan MacCaughy was  
elected a member, bringing the total  
up to 566.

## IF MEALS HIT BACK AND STOMACH SOURS

"Pape's Diapiesin" ends Indigestion,  
Gas, Dyspepsia and Stomach Mis-  
ery in five minutes

If what you just ate is souring on  
your stomach or lies like a lump of  
lead, refusing to digest, or you belch  
gas and eructate sour, undigested  
food, or have a feeling of dizziness,  
heartburn, fullness, nausea, bad taste  
in mouth and stomach headache, you  
can get blessed relief in five min-  
utes.

Ask your pharmacist to show you the  
formula plainly printed on these  
fifty-cent cases of Pape's Diapiesin,  
then you will understand why dyspep-  
tic trouble of all kinds must go, and  
why they relieve sour, out-of-order  
stomachs or indigestion in five min-  
utes. "Pape's Diapiesin" is harmless,  
tastes like candy, though each dose  
will digest and prepare for assimila-  
tion into the blood all the food you  
eat; besides, it makes you go to the  
table with a healthy appetite; but  
what will please you most, is that you  
will feel that your stomach and intes-  
tines are clean and fresh, and you will  
not need to resort to laxatives or liver  
pills for biliousness or constipation.

This city will have many "Pape's  
Diapiesin" cranks, as some people will  
call them, but you will be enthusias-  
tic about this splendid stomach prepa-  
ration, too, if you ever take it for  
indigestion, gases, heartburn, sour-  
ness, dyspepsia or any stomach mis-  
ery.

Get some now, this minute, and rid  
yourself of stomach trouble and in-  
digestion in five minutes—advertis-  
ment.

## ARRIVED

Tuesday, April 21.  
Manila via Hongkong and Japan  
ports—Nile, P. M. S. S. p. m.

Mani, Molokai and Lanai ports—Mi-  
kahala, str., 5 p. m.

Sound ports—Dauntless, Am. sol.  
p. m.

## WILL INVESTIGATE PHOSPHATE DEPOSITS

That high grade phosphates may  
become a factor in the production of  
Fanning, Washington and Christmas  
Island estates now operated by a big  
British syndicate, is predicted, fol-  
lowing the investigation to be made  
by C. Elschner, declared to be an  
expert along this particular line, who  
reached Honolulu yesterday from the  
coast as a passenger in the Mat-  
son Navigation steamer Manoa.

Mr. Elschner has arranged to take  
passage to the South Seas with the  
sailing of the British steamer Kestrel.  
It is expected that the Kestrel will  
depart for Fanning and Washington  
Islands within the next few days. A  
quantity of supplies have been re-  
ceived with the arrival of the Cana-  
dian-Australasian liner Niagara. Much  
of the material is intended for the of-  
fices and employees connected with  
the British cable station on Fanning.

The phosphate expert who will ac-  
company Captain Tindell in the Kes-  
trel has brought a complete outfit of  
laboratory equipment which will be  
used in determining the commercial  
value of the extensive deposits of  
phosphate and guano said to be found  
to a depth of several feet on Wash-  
ington and Fanning Islands.

## KEEN FIGHT IS ON FOR PASSENGER BUSINESS

To wrest a large portion of the pas-  
senger traffic during the exposition  
year from the Southern Pacific com-  
pany between San Francisco and Port-  
land is declared in railroad circles to  
be the design of the Hills. The means  
whereby they will try to snare this  
prize, it is said, will be the two palat-  
ial and fleet steamships now build-  
ing in Philadelphia at a cost of \$5-  
600,000 and to be named Great North-  
ern and Northern Pacific.

It is stated that the northern car-  
riers will throw down the gauntlet to  
the Southern Pacific company by re-  
moving the additional fare now added  
to round-trip Eastern tickets and  
known as the Shasta arbitrary. This  
rate today is \$17.50 and in 1915, when  
the exposition takes go into effect,  
probably will be \$15. A rate war is  
expected to follow.

The two steamers, which it is prom-  
ised will be the largest and swiftest  
on the Pacific, owned jointly by the  
Great Northern and the Northern Pa-  
cific interests, will make the trip be-  
tween San Francisco and Astoria in  
22 hours, it is said. It is three hours'  
time by rail from Astoria to Port-  
land. The present time over the Sha-  
sta route is 27 hours.

It was announced last week at the  
meeting of the Transcontinental Pas-  
senger Association that a rate of \$15  
will be added during the exposition  
period to round trip fares to San  
Francisco from middle continental  
sources if the holder of the round-  
trip ticket wishes to come or return  
by way of Portland and the North-  
west. This extra fare is the arbitrary.

If the northern carriers eliminate  
this they will be able to land pas-  
sengers here from the East via the North-  
west at the price for which other  
roads are selling round trips directly  
across the country without privilege  
of the Northwestern Jaunt.

## PASSENGERS ARRIVED.

Per P. M. S. S. Nile, from Manila  
and Japan ports—For Honolulu: F.
